

Make the right call
to a program of

Cell Phone and Electronics Recycling

Do you have old cellular phones, digital cameras and ipods collecting dust or forgotten in a closet? Don't let them end up in a landfill— instead, *give* us your unwanted electronic items and help Elder Law of Michigan raise funds to support our programs! Used items will be refurbished or broken down for parts and in turn Elder Law of Michigan will earn money to help support our important programs benefitting Michigan seniors.

How can you help? Drop off your items to Elder Law of Michigan during business hours. Hold a collection drive at your office, place of worship or in your neighborhood then bring in the items to our office. We will use them for a great cause—Elder Law of Michigan.
